

To the international Webinar on Kimilsung-Kimjongilism

The Östfold District of the Norwegian Communist Party and the Juche Idea Group send the congratulate to the international Webinar on Kimilsung-Kimjongilism on the occasion of the Sun's day, the birthday of President Kim Il Sung, the founder of the great Juche idea.

Comrade Kim Il Sung, the great leader of the Korean people led the Korean revolution based on the new truth that the master of the Korean revolution is the Korean people and must be completed by the Korean people themselves as one of the starting points of the Juche idea, so that finally achieved a historic victory in the liberation of the motherland.

This stresses that Juche Idea is the a real independent idea that emerged from overcoming flunkeyism and factionalism in the miserable period of Japanese colonial rule not in the ordinary reality, and that it has become a powerful weapon of national liberation to all colonial peoples around the world.

Since President Kim Il Sung created the great Juche idea, Korea was able to escape from Japanese colonial rule and developed into an independent state, and became an example of national liberation and class liberation to all colonial countries in the world.

Leader Kim Jong Il further developed the Juche idea founded by President Kim Il Sung to suit the developing reality and developed DPRK into a powerful socialist power by defeating the abominable challenges and difficulties by the imperialist forces.

Today, the Democratic People's Republic of Korea advanced as a powerful socialist political, military state by Comrade Kim Jong Un who inherited the revolutionary cause of President Kim Il Sung and Leader Kim Jong Il.

The 8th Congress of the Workers' Party of Korea held from January 5th to 12th this year, served as a very important opportunity to clarify the exact direction and mission of the struggle to achieve a greater victory of the socialist cause.

The members of the Östfold District of Norwegian Communist Party and the Norwegian Juche Idea Group actively support the decision of the 8th Congress of the Korean Workers' Party.

We are sure that under the leadership of Comrade Kim Jong Un, Korean people will surely win in the struggle for the implementation of new five-year state plan for national economic development as well as the improvement of people's life defeating the sanctions and challenges by Imperialist forces.

We affirm once again that we will express our unwavering support and solidarity to the DPRK and Korean people.
